

Writing Style Guide Questionnaire for ChatGPT

This questionnaire is designed to help guide you in creating a writing style guide for teaching ChatGPT to write in your voice.

By answering these questions, you'll be able to identify and clarify the key aspects of your unique writing style, providing a solid foundation for creating a comprehensive style guide.

I. Tone and Voice

How would you describe the overall tone of your writing? (e.g., conversational, formal, friendly, academic)

Are there any specific phrases or expressions that you frequently use in your writing?

How would you describe your voice to someone who has never read your work?

II. Humor Style

Do you incorporate humor in your writing? If so, what type of humor do you prefer? (e.g., wit, sarcasm, puns, dry humor)

Are there any specific examples of humor you've used in your writing that you'd like ChatGPT to emulate?

III. Vocabulary Preferences

Do you prefer using simple or complex vocabulary?

Are there any words or phrases you tend to avoid or favor in your writing?

IV. Sentence Structure

Do you prefer using short and concise sentences, long and complex sentences, or a mix of both?

Are there any stylistic elements in your sentence structure that you consider distinctive to your writing?

V. Rhetorical Devices

Do you often use rhetorical devices in your writing? If so, which ones do you prefer? (e.g., metaphors, alliteration, parallelism)

Are there any specific examples of rhetorical devices you've used in your writing that you'd like ChatGPT to emulate?

VI. Emotional Expression

How do you usually convey emotions in your writing? (e.g., direct statements, vivid imagery, subtle hints)

Are there any emotions you particularly focus on or avoid in your writing?

VII. Storytelling Approach

How do you typically incorporate stories or examples in your writing? (e.g., personal anecdotes, hypothetical scenarios, case studies)

Are there any storytelling techniques or styles that you consider characteristic of your writing?

VIII. Pacing

How would you describe the pacing of your writing? (e.g., fast-paced, slow and reflective, varied)

Are there any techniques you use to control the pacing in your writing?

IX. Perspective

Which point of view do you primarily write from? (e.g., first-person, second-person, third-person)

Are there any specific situations where you prefer using a different perspective?
